Program Participant Benefits

Two parallel tracks are available providing participants with the following benefits:

- » **MedTech Innovator Showcase**
 - Coaching and feedback as well as prominent visibility at the WSGR conference and The MedTech Conference powered by AdvaMed
 - Includes complimentary registration, participation in expert panels, and access to exclusive partnering and networking
- » **MedTech Innovator Accelerator**
 - All benefits listed above
 - One-on-one, customized mentorship across industry stakeholders
 - Exclusive participation in the two-day Accelerator Kick-Off
 - Eligibility for the MedTech Innovator Competition Finals

Eligibility and Criteria

Early to mid-stage medical device, diagnostic, and digital health companies are encouraged to apply and are eligible for the Showcase track. Only companies that have not yet closed a Series B are eligible for the Accelerator. MedTech Innovator does not charge or take equity for participation.

MedTech Innovator Accelerator: Summer 2018

The MedTech Innovator Accelerator is a 4-month virtual program from June – September. Accelerator companies have an unprecedented opportunity to receive continual in-depth, customized mentorship, as well as access to key stakeholders in the medtech industry including investors, manufacturers, providers, regulators, and customers.

Regional Pitch Events

As part of its highly selective process, MedTech Innovator holds pitch events in cities across the U.S. and internationally. In addition to serving as a qualifying round for the competition, these events provide companies with an opportunity to present and receive feedback from an expert panel of judges.

Partnership with AdvaMed

AdvaMed Accel and The MedTech Conference have partnered with MedTech Innovator to improve the health of the medtech innovation ecosystem. Companies selected for the MedTech Innovator Accelerator receive 6 months complimentary AdvaMed membership.
